Activation For Alien Skin Exposure X2, Autodesk Inventor LT SuiteÂ .The complex nature of the male psyche has fueled the growth and success of some of the greatest mental illness insurance companies in the world. The American Psychiatric Association (APA) recognizes that a mood disorder is a temporary chemical imbalance. With the advent of technologies that enable us to better understand what is going on in our brains, we can create new drugs and therapies that are customized to the chemical mechanisms of each patient. While insurance companies must pay for the drugs and treatments prescribed for a mental health disorder, the doctor may only refer to these expensive treatments if they provide a reasonable chance of a cure. Moreover, the insurance companies can deny reimbursement altogether if the treatment offers no chance of a cure. The chemical imbalance theory of mental illness remains controversial, but so do many of our current best practices for treatment. Drug companies and the insurance companies that pay for medical care have been reluctant to invest in research of these therapies that could not be patented or marketed as profit centers. However, as medicine progresses from the days of "The Pill" to the daily use of drugs for everything from depression to ADHD, the insurance companies have had to come to terms with the costs and benefits of seeking treatment outside the bounds of the profit motive. Pelham, MD: Why is it that insurance companies have taken a more neutral and open approach to mental health care? Lund-Cusson: The insurance industry is on the forefront of improving the life expectancy and quality of life of patients. Treatment has come to be viewed as a medical necessity rather than an elective. Pelham: If we were to talk about patient rights, then how should a patient have the right to control their own treatment process? Lund-Cusson: If we were to talk about patient rights, then we should also consider patients' rights to refuse treatment if they choose not to seek it. Pelham: In what ways are improvements in mental health care caused by life and economic circumstances? Lund-Cusson: The 6d1f23a050
