Alessandro Bausani, *Il Corano* (Milan: Biblioteca Universale Rizzoli, 2003), e.g., Ch. 269, 2.1.2. For a fuller discussion, see Bausani, A. *Teologia e metafisica del 'Corano' di Alia.: traduzione, introduzione e commento*. Torino: Unione Tipografico-Editrice Torinese,. This was Bausani's friend William A. Suleiman who had him translate the Qur'an. It is obvious how much the name of the translator has suffered in comparison with the light in which the Koran is viewed by the Andalusí Muslims. No one can conceive of the Koran without their master, Wacqueira. Suleiman was no more than a disciple of his, and would have hardly be entitled to the name of the translator, for the Koran is not a book for the ignorant, and the Arabic required for its reading is foreign to the mouths of many: I have spoken, as is within my power, to many learned men, to whom he has rendered the Koran into Spanish. They could easily have been in a better position to entitle themselves to be called the translator of the Koran, than to have the name of the same; because their sufferings had been much greater than Suleiman's, for they had seen him thrown into prison on account of his translation, and had found the difficulty of handling Spanish in such a way as to render the Koran intelligible. His translation of the Qur'an was published by Biblioteca Universale Editrice in.
