The sticky, crumbly texture of this cake is more an effect of the syrupy filling than of the crumb itself. It has no texture and you can bite through it cleanly. The slight chocolate flavour suggests that it was dipped in chocolate before being fried. Despite its wholemeal flour it is not at all bitter or rich. Mary Berry fell in love with the crumbly texture and couldn't get her hands on any more. The sticky, crumbly texture of this cake is more an effect of the syrupy filling than of the crumb itself. MicroRNA-374b regulates leptin expression in gestational tissues of sheep. MicroRNAs (miRNAs) are a class of non-coding small RNAs with important roles in gene regulation. The present study identified the regulatory mechanism for leptin gene expression by miRNAs in gestational tissues of sheep. We showed that miR-374b, which is one of the most abundant miRNAs in ovine pituitaries, directly targets the leptin 3'-untranslated region in a luciferase reporter assay. RT-PCR results indicated that the

expression of miR-374b and its targets (leptin, Ob, and ObR) was consistent with these predictions. Furthermore, transfection of miR-374b mimics and inhibitors significantly altered the leptin protein level in vitro. In contrast to the up
