So we discussed bringing down the price to \$15. Then we would have a much different scenario. If you guys really can help us, come to Detroit, we can show you a really great space. It's a good place to work, it's a great space to work in. Does not make that much sense if I'm sitting here on the other side of the world in a Sydney office. But it's a \$15 rent, so I was here for about six months. And we ended up, I think we did a good job. We got pretty close to that before our lease expired. So I'm not making a profit on this, but we made out OK. So that, again, is a really good deal. When people are coming into places like this, from the city to the surrounding neighborhoods, once you have settled in and you get a feel for what it is like. Go and look around and compare. If you got a city at \$15, I guarantee you you're not going to be the most profitable operation, but I guarantee you you're not going to be
