A: It is easier to upgrade to Windows 10 from Windows 8.1 and Windows 8. If you want to upgrade in the middle of an existing installation of Windows 10, start the upgrade process (located in the start menu on Windows 8) and reboot into Windows 10. The upgrade will complete (though it will overshoot the target number of systems) and you can then proceed with the upgrade. But if you want to upgrade from Windows 8.1/8 you'll have to use a program like Windows Easy Transfer Download the zip Extract the.exe to C:\Program Files (x86)\ Run the.exe You're done! For a less intuitive option, you can just add Windows 10 to your computer. This will leave your current installation unmodified. You can do this during installation, or after you've already installed. per view now. By [singlemal's last 0] on 2016-10-20 03:23:57 First View is \$4.00 an order, a lot of people are on LitePay. By [singlemal's last 0] on 2016-10-20 06:16:53 There is NO reason for you to have unlimited lifetime on a basic package. I have the ULTIMATE. \$1.00 a view Lifetime with no expiration. You pay for it, it's a one time thing.. get it now. By [singlemal's last 0] on 2016-10-20 07:13:40 So now they have you on ULTIMATE LitePay? So what? My new package is way better than the original, and I'm not looking for a new customer. I'm looking for legitimate businesses. By [singlemal's last 0] on 2016-10-20 11:42:47 Yea, litepay is really not working as advertised. I do alot of orders in cash. I accept bitcoin, and Paypal. I also do alot of adwords and I use Adsense. So I pay for \$95 in a month, and I make around \$35. I know that litepay is not just about the paying, but it really is about the money. There is a reason I'm on the Ultimate, and pay every month. By 1cb139a0ed
