RECEPTIONS Recognized as a new genre of fantasy action RPG, the game has managed to garner attention from both gamers and industry circles by making various game assets and gameplay videos available to the public. The latest upload of “Tarnished: The Future Portrait of the Hero”, the game's first promotional video, became a viral sensation on the internet at a time when the game was not even developed yet. The player of Tarnished will acquire the ability to wield the power of the Elden Ring Product Key to become a Lord and travel the Lands Between, accompanied by a beautiful woman. By launching a game different from those available on the market, EVL Games aims to create a game that resembles the hype around their upcoming title as much as possible. As a passion project, EVL Games could not accomplish this goal without the help of a number of external factors. It was thanks to the earnest support of a number of influential communities that the game was able to overcome the hurdles it faced. EVL Games aspires to make the new fantasy action RPG a title that will bring the game community a new experience. ♦ About EVL Games EVL Games is a game studio based in Korea that started development on the new fantasy action RPG. EVL Games is the sister company of the multi-game development company, Benew Studio, which houses an in-house development team comprising top-notch developers. After formation, EVL Games initially created and developed the new fantasy action RPG titled Tarnished for mobile platforms (iPhone and Android). Due to the large interest in the game and a positive reception, EVL Games will be developing the game for both the PC and Nintendo Switch. ♦ How you can help us 1) Please support us as much as you can. - The project was formed within the Benew Studio, and EVL Games initially created and developed the new fantasy action RPG named Tarnished for the iOS platform. - We have released many gameplay videos and other assets, but we will continue to do so with the help of the fans. - We would like for you to help us by watching the videos and responding to the comments. 2) Donate us. - As much as we appreciate the support of our fans, EVL Games also needs to earn a living. Therefore, we sincerely appreciate any donation you may give us. 3
