Fri, 19 Jun 2018 00:42:00 +0000 (I live in) I've been living in Japan for 4 years, now and have been super curious about Final Fantasy games. I was first introduced to the FF franchise from the Life and Death story for Final Fantasy IX and actually, I didn't really even know that this was Final Fantasy itself. I bought Final Fantasy X, which was, I knew not what Final Fantasy was, but I don't know much about Japanese games (if you don't count Super Mario RPG for GameBoy)! Now that I've been living in Japan for 4 years, I can actually say that I love playing it, learn the languages, and am really excited on completing the Japanese versions of Final Fantasy X, XIII, and what the last two? (What is it?) But my new thing is to be able to speak Japanese, and I really want to be able to watch and listen to Japanese music as well. Is that way too much to ask for? I know that there are certain translators out there. I've been watching on YouTube, but has anyone already here found ways to use anime music and Japanese subtitles in Final Fantasy games? or even Final Fantasy XV? Help me out here. I actually am an avid player of Final Fantasy VII and Mega Man & Bass for Playstation, SNES, and Nintendo 64, so I know they don't have anime... so are there any ways... oh, and are there any other languages that I can actually speak? Lol. Anyways, back to the topic, I would appreciate the help of you, as I'm honestly still learning how all of this works. As I said, I live in Japan, my mother is Japanese

"All in all, the game delivers what it sets out to: a refreshingly unique fantasy RPG experience. If you're in the mood for something new and are looking for a game that offers a whole different kind of gameplay, you should consider checking out this game." -The Nintendo Life "The game can certainly be a lot of fun to play, and with its simple and easy to use controls and decent level of fun, it's easy to get into the game." -Indie Game World "If you liked the paper-craft parts of these games, we think you'll really enjoy the art design and the mechanics of the game. It's another great, unique addition to the indie RPG library." -TechRaptor "The game itself is a unique experience with some really solid mechanics and an interesting cast of characters." -RPG Plays "The clear artistic style and the overall lack of pretension makes RPG Tarnished feel like a welcome, free-of-fuss addition to the indie RPG scene, which is just great to see." -RPG Site "By giving off a true feeling of fantasy-like setting with a real un-impressed-by-everything attitude and lovable characters, Tarnished does a great job in bringing to life a RPG that should not have existed in the first place." -PokemonMaster "If you enjoy the comical approach of Paper Mario games, the similar style of Nintendo's own Fire Emblem series, or just want a truly unique adventure, this is the game for you." -Indie Game Evo "Tarnished has an unusual take on things with a simple, fun, but very enjoyable story, while not being "Nintendo-ish" at all." -RPG Vault "Played a bit of Tarnished, and it's wonderful, but I need to tell everyone I'm spreading the word on it." -RPG Book of the Week "The story is what really separates Tarnished from the other major indie RPGs like Undertale and Cave Story, and it is that story that makes me want to play more." -Game Behemoth "I am giving RPG Tarnished a 10/10 for being one of the best, if not the best, indie RPGs to come out of the last few bff6bb2d33

THE NEW FANTASY ACTION RPG. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. \*\* 10% off on in-store purchase of Valkyrie Drive: Bhikkhuni from November 29 - December 5, 2017 Following the manga's conclusion, here is the official website for the anime adaptation of Konosuba's ending theme, "Forever Love", by Maho Tomita. The music video will be held on November 27, 2017. The first part of the song can be downloaded on December 5, 2017. The "Forever Love" PV will be followed by the "Love Bhikkhuni Beat" PV, showing the way Bhikkhuni dances while she goes about her daily activities, as well as the "Love Ending" PV, which will feature the final verse of the song. It contains drama scenes of girls bursting out in a fit of laughter, featuring the anime's main characters. All of the episodes are centered around the relationship of the main characters. Love, shown in the TV anime, gives volume with heart-pounding emotions of the main characters. The story is about the duo of love, which includes a prince who rules over a kingdom, a princess who lives in the prosperous city of Shibereth, and the legendary craftman of a hidden city who ends up on the planet of Akasha. The princess of Shibereth, who has gained a lot of people's respect because of her charming appearance, receives a disturbing letter from her father, informing her that her family is going to be excluded from the Shibereth royal family. "Love," a young craftman from the hidden city, who is working in the royal court in Shibereth, rushes to find a clue to solve the mystery behind the letter. A story of "love," "hearts," "partners," "damn," "woe," and "tears." It shows the story of a girl who is suddenly separated from her beloved, and the story of the journey of seeking him in various ways. The story of "Love," the classic tragedy of Greek culture, will be presented as a modern day anime.
