

Check out our picks for this collection, curated by our editors! The autumn collection of fabrics of the salon "Etrange" is represented by various types of fabrics and is an original combination of classic and modern trends. At the heart of any type of fabric is a dense polyester fiber, which facilitates care and retains fabric properties for a long time. Inclusions are used to create bright and original designs - a variety of carved and wicker elements. All fabrics and sets presented in the salon are completed with high-quality needle beds. The main colors - gray and brown - are durable and wear-resistant. The density of fabrics is different: from 55 to 110 g/m². The collection is presented in the "Estrange" showroom at the address: st.
