The statistical revolution shows no signs of slowing. However, we still have much to be amazed by. Consider the way that EViews has changed since the last edition. The new version feels like a completely new product. It is sleek, with new user interface tricks, and a fresh new E-statistical feel. You can now create multiple recursive-differencing objects that can be used as time series objects for analysis, all within EViews 8. To do this, choose View/Recursive Differences/RDC Objects and select the object type that you want to use, then create the object and save it to the panel. This makes it easy to create and use custom U.S. . Mar 14, 2014 Fully Modified Local Autoregressive Model in EViews 8 The EViews 8 software provides four ways to implement three types of fully modified (FMOLS) estimation and Forecasting Models in EViews. The EViews 8 App Store contains the Quick Guide, Sample Datasets and Solutions and an instructional video for each of these methods. Example images from each of these methods. EViews 8 Sample Datasets and Solutions provides solutions and spreadsheets for each example. EViews 8 Video Tutorials provides an instructional video for each of the Model Types. EViews 8 FX-ML performs all four of the FMOLS models in EViews 8. EViews 8 Quick Guide provides a clear and concise look at each of the FMOLS estimation and Forecasting Models. EViews 8 Data for Each Model demonstrates how to use the data in the eViews source area, upload it to the app and create custom model displays. EViews 8 Online Support offers the means to access help documentation and the ability to contact the EViews Team. EViews 8 Version History provides a summary of changes made for each release of EViews 8. A. Download EViews 8 free version of the software. B. Extract and install EViews 8. C. Start EViews. The user should see the main EViews 8 login screen, which instructs the user to log in with a user id and password. EViews 8 Installation Guide: a. Select the user id and password. b.
